Data Entry Speed Test (DEST) — Official Instructions & Sample Typing Passage
Speed Standard: 2000 Key Depressions in 15 Minutes (~27 WPM)

OFFICIAL TYPING TEST GUIDELINES (TIER-2 SECTION III MODULE 2)

1. DEST will be conducted for a duration of 15 minutes. A master text passage of about 2000 key depressions will be given on the screen.
2. Candidates will be provided a backspace key to rectify typing errors within the given 15 minutes.
3. Qualifying Standard: Maximum permissible error percentage is 5% for General (UR), 7% for OBC/EWS, and 10% for SC/ST/PwBD candidates.

SAMPLE PRACTICE TYPING PASSAGE (2000 CHARACTERS)

India has witnessed remarkable transformation across its economic and technological landscape over the past two decades. The digital revolution has empowered citizens across urban and rural regions alike, providing seamless access to essential governance services, banking facilities, educational resources, and healthcare consultation. Direct Benefit Transfer schemes have eliminated middlemen and leakages, ensuring that every rupee allocated for public welfare reaches the bank accounts of intended beneficiaries transparently. In the sphere of infrastructure development, the rapid expansion of modern highway networks, dedicated freight corridors, high-speed rail systems, and world-class airports has dramatically reduced logistical bottlenecks and lowered transportation costs for domestic manufacturing units. The startup ecosystem in India has emerged as the third largest globally, generating millions of skilled employment opportunities in software engineering, artificial intelligence, renewable energy, and digital commerce. Sustainable environmental stewardship has also taken center stage, with massive investments in solar and wind power generation positioning the country as a global pioneer in clean energy transition. As India marches steadily toward becoming a developed nation, the combined synergy of democratic governance, demographic dividend, and institutional transparency remains the cornerstone of its unprecedented socioeconomic trajectory.
